

Adlestrop, our Gauge 1 railway, is part of the South Cheshire Model Engineering site.

It has been built over the last three years. The layout has three main loops of 95m, a curve radius of 5m, a large station and a multitude of tracks and sidings. It has a covered steaming bay area.

The Gauge 1 railway is part of the wider site, behind the Peacock Inn in Nantwich, which also includes 5", 3.5" and 2.5" raised track. We're open regularly between April and October offering rides to visitors and refreshments from the clubhouse.

You'll find us behind the The Peacock Inn, Crewe Road, Willaston, Nantwich, Cheshire CW5 6NE. We're 10 minutes from the M6, junction 16.

Access is through Gate A at the back of the pub car park. Parking is available right next to the Gauge 1 railway. The Peacock Inn is available for drinks and meals. There is also a Premier Inn on site, for overnight accommodation. The beautiful Tudor town of Nantwich is only two miles away.

For up to date information on our running days follow us on Facebook at:

Come and run your Gauge 1 at the Peacock Railway

If you want to come and visit you are welcome to run your locomotives (steam must have valid certification) at any of our open days, listed below. On these open days, our main 5" gauge railway is open from 12pm, and from 11am in the school holidays. However, our gauge 1 railway is available for you to come down from 10.30am.

If you are a G1MRA member and want to come to the track and run your locomotive at any other time, please email us at gauge1@scmes.uk
